SITREP on how v1..0.1 is coming along

03/12/2013 11:16 by sgtmudd

Platinum Nuke Pro 7.6.PNPv1.0.1 Information:

Â

This is just a sitrep on how things are going with v1.0.1. Knocking out bugs as they are being reported as with a few more tweaks and additions. View the changelog below for more detailed information. Unfortunately the theme conversions are going a bit slow :(But we are working on them as time permits.

Â Changelog so far for 7.6.PNPv1.0.1 :
